General Information

The C-4 Manual briefly covers the major topics of the State exam including Boilers, Piping Systems, Linear Expansion, Safety Valves, and Welding. The last section of the C-4 Manual covers the Health and Safety Orders.

The Math Review Lecture covers the math formulas in the first part of the C-4 Manual. The Health and Safety Lecture covers the Health and Safety Orders at the end of the C-4 Manual.

Please be sure to study all of the practice exams. It is important to read and understand each question and read every word of the explanations. It is necessary to learn the principles behind the question because the State's questions may be worded differently.
