C-42 Test 1 (100 Questions)

C-42 Test 2 (100 Questions)

C-42 Update (Most current questions)

Health and Safety Test 1
(115 Questions)

Health and Safety Test 2
(95 Questions)

Health and Safety Update
(Most current questions)

General Information

Excavation and Grading Handbook, by Nicholas Capachi, is an essential part of the C-42 Course. The Handbook and the accompanying Excavation and Grading Lecture contain vital information for passing the State exam.

The C-42 Manual briefly covers the major topics of the State exam including summaries of the California Plumbing Code and Caltrans Standard Specifications. The last section of the C-42 Manual covers the Health and Safety Orders.

Please be sure to study all of the practice exams. It is important to read and understand each question and read every word of the explanations. It is necessary to learn the principles behind the question because the State's questions may be worded differently.

The C-42 Online Practice Exams are available by subscription. Students are issued a key-code which the student registers on examcenter.com. There are three different methods of studying on the online practice exams: Non-graded quizzes, flashcards, and exam simulations. Once activated, subscriptions are good for up to 365 days. Extensions may be purchased.
