General Information

The C-5 Manual briefly covers the major topics of the State exam including Materials and Hardware, Accessibility, Wood and Metal Framing, Wood Shear Walls, Trusses, Roofing, Formwork and Fences. The manual also includes brief summaries from the California Building Code. The C-5 Manual also includes the Health and Safety Orders and Framing and Rough Carpentry Review Questions.

The Math Review Lecture covers the math formulas in the first part of the C-5 Manual. The C-5 General Knowledge Lecture addressed in the manual specific to the C-5 trade exam. The Health and Safety Orders at the C-5 Manual. The C-5 Manual Review Questions Lecture covers the C-5 Review Questions in the back of the manual.

Please be sure to study all of the practice exams. It is important to read and understand each question and read every word of the explanations. It is necessary to learn the principles behind the question because the State's questions may be worded differently.

The C-5 Online Practice Exams are available by subscription. Students are issued a key-code which the student registers on examcenter.com. There are three different methods of studying on the online practice exams: Non-graded quizzes, flashcards, and exam simulations. Once activated, subscriptions are good for up to 365 days. Extensions may be purchased.
